

PLUS KEG and junior PLUS KEG

The premium models

1.

More distinctive Strong brand presentation

- PU jacket available in any colour
- In-mould coating and in-mould labelling process makes any decoration possible

2.

Less noise Especially quiet to handle

Drop test: 30 l PLUS KEG, full
Height 120 cm, angle 45°

Impact: shock absorber effect
provided by PU coating

Impact resilience: the PLUS KEG
remains undamaged

- Approx. 50 % noise reduction compared to stainless steel KEGs
- PU shock absorber effect prevents damage

See the complete drop test film at www.schaefer-container-systems.de/video

3.

More security Security for your stocks

- No obvious scrap value, therefore reduced incentive for theft
- Security of KEG stocks is guaranteed at all times

PLUS KEG and junior PLUS KEG are available in a range of different sizes
